AND
ORDER TO SHOW CAUSE**

Adopted: March 12, 2008

Released: March 14, 2008

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a Petition for Rule Making filed by Roy E. Henderson (“Petitioner”), proposing the allotment of Channel 274A at Evert, Michigan, as that community’s first local service. Petitioner filed a FCC Form 301 application proposing allotment of Channel 274A at Evert, Michigan.¹ Petitioner submitted a filing fee for that application pursuant to *Revision of Procedures Governing Amendments to FM Table of Allotments and Changes of Community of License in the Radio Broadcast Services*.² Petitioner states that if Channel 274A is allotted at Evert, Petitioner will file an application for Channel 274A, and, if his application is granted, Petitioner will build the station.

2. In order to accommodate the proposed allotment of Channel 274A at Evert, Petitioner requests that Channel 242A be substituted for Channel 274A at Pentwater, Michigan.³ In order to accommodate that channel substitution, Petitioner further proposes to substitute Channel 249A for vacant Channel 242A, Ludington, Michigan, at revised reference coordinates. Petitioner has filed a FCC Form 301 application for Channel 249A at Ludington,⁴ has paid the requisite fee, and represents that he will participate in the auction for that channel and, if selected as the Permittee, will build and operate a new station on that channel. Finally, in order to accommodate the substitution of FM Channel 249A for

³ At Petitioner’s request, we are issuing a show cause order to Bay View Broadcasting, Inc., to determine whether its license for FM Station WMOM, Channel 274A, Pentwater, Michigan, should be modified to specify operation on alternate equivalent FM Channel 242A. See paragraphs 7-8 and 11, *infra*.

vacant Channel 242A at Ludington, Petitioner proposes to substitute FM Channel 282A for Channel 249A at Manistee, Michigan.⁵

3. Evert is a city with a population of 1,738 persons. Evert has a city manager, its own police and fire departments, a department of public works, a recreation department, and provides its own water and sewer services. It also has its own Evert Municipal Airport, its own zip code, six churches, and 136 members of the Evert Area Chamber of Commerce. Evert is a community for allotment purposes and is deserving of its own local radio service. This proposal warrants consideration because it complies with our technical requirements and could serve the public interest.

4. The proposed allotment at Evert and the channel substitution at Ludington can be made with the site restrictions and reference coordinates indicated below. Accordingly, we seek comment on the proposed amendment of the FM Table of Allotments, 47 C.F.R. Section 73.202(b), with respect to Evert, Michigan, and Ludington, Michigan:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Evert, Michigan	----	274A
Ludington, Michigan	242A	249A

Proposed Coordinates for Channel 274A at Evert, Michigan: 44-01-43 NL and 85-17-51 WL, at a site 14.6 km (9.1 miles) north of Evert.

Proposed Coordinates for Channel 2494A at Ludington, Michigan: 44-01-53 NL and 86-24-57 WL, at a site 9.0 km (5.6 miles) north of Ludington.

5. The Commission’s authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached *Appendix* and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required in paragraph 2 of the *Appendix* before a channel will be allotted.

6. Pursuant to Sections 1.415 and 1.419 of the Commission’s Rules,⁶ interested parties may file comments on or before May 5, 2008, and reply comments on or before May 20, 2008, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Federal Communications Commission. Additionally, a copy of any filing should be served on counsel for Petitioner, as follows:

⁵ At Petitioner’s request, we are issuing a show cause order to Synergy Media, Inc., to determine whether its license for FM Station WMLZ, Channel 249A, Manistee, Michigan, should be modified to specify operation on alternate equivalent FM Channel 282A. See paragraphs 9-10 and 12, *infra*.

7. In order to proceed with our analysis of the proposals set forth in the Petition for Rulemaking and to resolve this proceeding, it is further necessary to issue an *Order to Show Cause* directed to Bay View Broadcasting, Inc., to show cause why its Station WMOM(FM) license should not be modified to specify operation on Channel 242A in lieu of Channel 274A at Pentwater, Michigan. Section 316(a) of the Communications Act of 1934, as amended, permits us to modify a license or construction permit if such action is in the public interest. Section 316(a) requires that we notify the affected stations of the proposed action, the public interest reasons for the action, and afford at least 30 days to respond. This procedure is now set forth in Section 1.87 of the Commission's Rules.⁷ In this instance, the substitution of Channel 242A at Pentwater will accommodate the allotment of Channel 274A at Evart, making possible a first local service for Evart, Michigan. We consider this to be a significant public interest benefit.

8. The Station WMOM(FM) license at Pentwater can be modified to specify operation on Channel 242A at its currently authorized transmitter site. The petitioner has agreed to reimburse the licensee of Station WMOM(FM), Channel 274A, Pentwater, Michigan, for the reasonable costs incurred in connection with the change.

9. It is further necessary to issue an *Order to Show Cause* directed to Synergy Media, Inc., to show cause why its Station WMLQ(FM) license should not be modified to specify operation on Channel 282A in lieu of Channel 249A at Manistee, Michigan. Section 316(a) of the Communications Act of 1934, as amended, permits us to modify a license or construction permit if such action is in the public interest.⁸ The substitution of Channel 282A for Channel 249A at Manistee will accommodate the substitution of Channel 249A for Channel 274A at Pentwater, making possible the allotment of Channel 274A as a first local service at Evart, Michigan. The proposed channel substitution at Manistee thus will result in significant public interest benefits.

10. The Station WMLQ(FM) license at Manistee can be modified to specify operation on Channel 282A at its currently authorized transmitter site. The petitioner has agreed to reimburse the

licensee of Station WMLQ(FM), Channel 249A, Manistee, Michigan, for the reasonable costs incurred in connection with the change.

11. Accordingly, IT IS ORDERED, That pursuant to Section 316(a) of the Communications Act of 1934, as amended, Bay View Broadcasting, Inc., licensee of Station WMOM(FM), Channel 274A, Pentwater, Michigan, SHALL SHOW CAUSE why its license should not be changed to specify operation on Channel 242A in lieu of Channel 274A.

12. IT IS FURTHER ORDERED, That pursuant to Section 316(a) of the Communications Act of 1934, as amended, Synergy Media, Inc., licensee of Station WMLQ(FM), Channel 249A, Manistee, Michigan, SHALL SHOW CAUSE why its license should not be changed to specify operation on Channel 282A in lieu of Channel 249A.

13. Pursuant to Section 1.87 of the Commission's Rules, Bay View Broadcasting, Inc., licensee of Station WMOM(FM), Pentwater, Michigan, and Synergy Media, Inc., licensee of Station WMLQ(FM), Manistee, Michigan, each may, no later than May 5, 2008, file a written statement showing with particularity why its designated license should not be modified as proposed in this *Order to Show Cause*. The Commission may call upon each such licensee to furnish additional information. If the licensee raises a substantial and material question of fact, a hearing may be required to resolve such questions of fact pursuant to Section 1.87 of the Rules. Upon review of the statements and/or additional information furnished, the Commission may grant the modification, deny the modification, or set the matter of modification for hearing. If no written statement is filed by the date referred to above, the licensee will be deemed to have consented to a modification as proposed in this Order to Show Cause and a final Order will be issued if the modification is found to be in the public interest.

14. IT IS FURTHER ORDERED, That a copy of this Notice of Proposed Rule Making and Order to Show Cause shall be sent BY CERTIFIED MAIL, RETURN RECEIPT REQUESTED, to the following:

Any filing that is not addressed to the Office of the Secretary will be treated as filed on the day it is received in the Office of the Secretary. See 47 C.F.R. § 1.7. Accordingly, failure to follow the specified requirements may result in the treatment of a filing as untimely.**

16. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rule making proceeding to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules.⁹ This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198.¹⁰

APPENDIX

1. Pursuant to authority found in 47 U.S.C. Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b), and 47 C.F.R. Sections 0.61, 0.204(b) and 0.283, IT IS PROPOSED TO AMEND the FM Table of Allotments, 47 C.F.R. 2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(b) Petitions for rule making which conflict with the proposals in this *Notice* will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; service. Pursuant to applicable procedures set out in 47 C.F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. The person filing the comments shall serve comments on the Puopolos. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. A certificate of service shall accompany such comments and reply comments (*see* 47 C.F.R. Section 1.420(a), (b) and (c).)
